READ FIRST

Useful references. Clear limits.

Published contacts and schedules are a starting point for planning. None was confirmed directly with the business. A page read in October 2026 can still contain older information; its source date is shown separately.

Read the map before choosing an arrival point

North is up on the geographic maps. Numbered dots identify resort, building, hotel, marina, retailer or bank references. They are not verified gates, water-entry points or boat departures. Ask the host for the entrance and meeting point.

The satellite explorer remains online

The website uses real satellite imagery as its geographic reference. Project-plan overlays are approximate fits, not surveyed boundaries or proof of completion. Somabay, Almaza Bay Ras Soma and Marassi Red Sea are separate developments. North Coast Marassi is unrelated.

Qatari Diar has no verified parcel boundary or entrance in this guide. Reporting places it in the Makadi-Soma corridor. Sharm El Naga, Sentido Naga Bay and the mapped military-site reference are separate existing references; inclusion or exclusion from any allocation has not been established.

Project identity sources S01 / S02 / S03; Qatari Diar portfolio and corridor report S04 / S05. Read 25 September 2026. The corridor report is dated 22 September; the official pages do not state an update date.

Offline means saved, not live

Contents, bookmarks and source-code links work inside this PDF without a connection. Website links and calls need service. The preview link is temporary and is scheduled to expire on 9 October 2026 at 07:35 UTC; a downloaded copy stays on your device.

No current quote, live stock, indoor mobile coverage, guaranteed admission or boat schedule is inferred. Historical climate references are not today's forecast. Blank planning sheets are for handwriting; they are not interactive PDF forms.

Independent editorial publication. Sponsored by KÂMO Property Group. Not the official Somabay website.

01 / WATER-DAY CONTACTS

Enquire about the exact activity.

Sharm El Naga

Northern coast · separate resort / Snorkelling, Scuba diving

The resort describes beach snorkelling and house-reef diving, with a separate dive centre.

Its Egyptians/residents package lists beach entry, a towel, snorkelling equipment and lunch. Ask which rate applies to your party; owning a Somabay home does not establish eligibility.

Published contact: +201001112942 / Resort reception
+201225555104 / Dive centre · English / Dutch / German
+201001234540 / English / Arabic contact

Check before going: No current fee confirmed. The linked diving price list is labelled 2021. Package lunch hours are not beach opening hours.

Sources S07 / S08 / S09 / S10 / S11. Source date not stated. Read 3 October 2026.

7BFT KiteHouse

Northwest peninsula · KiteHouse building / Kitesurfing, Wake sessions

The centre publishes kite and foil rental, equipment storage, beach fees and wake sessions.

Separate your own-gear day from an equipment rental or lesson. The published beach/storage fee includes a limited rescue ticket; ask what applies to your session.

Published contact: +201277555025 / Centre contact
+201008448534 / Centre contact

Published windows: Station: 08:30-18:30 / Water: 08:30-17:00 / Clock name: Breakers Time

Check before going: The own site labels the hours Breakers Time; an earlier destination listing gives a different station start. Clarify the clock and opening before pickup. Foil qualification wording also conflicts between the prose and footnote.

01 / WATER-DAY CONTACTS

Enquire about the exact activity.

Somabay boat-trip enquiries

Marina reference · actual departure unconfirmed / Snorkelling, Boat excursions

The destination page describes several excursions, including snorkelling and sunset trips.

Ask for the operating company, boat name, meeting point, departure and return times, inclusions and the cancellation arrangement before booking.

Published contact: +201020456528 / Published trip-enquiry number

Published windows: Enquiries: 08:00-19:00

Check before going: The page is an enquiry listing. Its working hours are not a sailing schedule; no particular boat or pontoon is verified.

Sources S14. Source date not stated. Read 3 October 2026.

ROBINSON Soma Bay

Peninsula · club grounds reference / Snorkelling, Scuba diving, Wing activities, Catamaran sailing, Windsurfing

The club describes diving, snorkelling, windsurfing, wing activities and catamaran sailing in its club programme.

Ask the club about your guest category and the specific session. A club programme does not establish day admission for neighbouring homeowners.

No unambiguous activity contact adopted. Use the linked operator website.

Check before going: Club time may differ from local time. No offset is adopted here. The published watersports email appears in two spellings, so use the club website to confirm it.

01 / WATER-DAY CONTACTS

Enquire about the exact activity.

ORCA at The Breakers

Southeast peninsula · associated hotel reference / Snorkelling, Scuba diving, Boat excursions

ORCA describes diving and snorkelling at The Breakers, plus boat excursions. The hotel describes access to the house reef via a jetty.

Choose the particular shore or boat session first, then settle admission, equipment and the meeting point with the centre.

Published contact: +201225298115 / ORCA centre

Check before going: Non-guest access and a current quote are unconfirmed. Jetty length is withheld: ORCA says 420 m; The Breakers says 400 m.

Sources S16 / S17. Source date not stated. Read 3 October 2026.

Duotone Pro Center

Wyte Beach · precise reference point pending / Kitesurfing, Wing activities

The centre describes kite and wing activities at Wyte Beach. Its wingfoil page separates rental tiers, lessons and centre/beach use.

Ask which lesson or rental matches your experience and which additional fees apply. Confirm the entrance with the centre; we have not placed an unverified pin.

Published contact: +201005450353 / Published local number

Check before going: No precise centre reference, current quote or resident admission confirmed. Published equipment prerequisites vary by tier.

Before booking

1. What can you book for our exact dates and guest category?
2. Where should we arrive, who meets us, and which clock is used?
3. Is this a lesson, rental, storage day, shore session or boat excursion?
4. What equipment, fees, rescue allowance and transport are included?
5. What experience or documents do you need to check beforehand?
6. What happens if the session is cancelled, and how do we get home?

02 / THE DINING DESK

A booking starts with the named outlet.

There are 22 references here: eight marina outlets, three beach outlets, ten hotel or clubhouse outlets and one whose location needs checking. These are published dining references, not a ranking or an open-now list.

Venue hours and kitchen hours differ

A broad venue window may include drinks or breakfast only. Ask what is being served at your chosen time. A restaurant name, a shared telephone number or a beachside address does not settle entrance, dining admission or use of beach facilities.

Four useful checks

Name the outlet and your guest category. Confirm the arrival point and service time. Ask for the current food menu and full price. Arrange the return journey and any delivery to your exact address.

Two menu references, different limits

The View's reviewed menu control covers beverages only. Bamboo Shoot has an undated food-menu viewer; it is an example menu, not a dated quote.

Bamboo examples: Hosu Avocado, six pieces, EGP 650; Chicken Sweet & Sour, EGP 850; Salmon Teriyaki, EGP 1,450. The source says VAT and service are included. Effective date is not stated; no homeowner discount or current bill is established. Source [S21](#).

Source ages are visible

Baladina and Sobar destination pages carry October 2020 metadata. Several other destination pages carry March 2024 metadata. Reading them on 3 October 2026 does not make those hours or menus new. Conflicting phone numbers and uncertain arrival points remain visible below.

Delivery area, allergens, guest admission and current total price remain unconfirmed across these listings. Discuss specific needs with the named outlet before ordering.

03 / TOWN ERRANDS

Senzo, El Dahar and Safaga are separate trips.

Retailer and bank points are source location references, not entrances. Lines orient the coast, not driving routes. No transfer duration or live traffic is supplied. Coast geometry retrieved 3 October 2026; geographic context uses dated September references. © OpenStreetMap contributors / ODbL.

One mall. Separate references.

The retailer’s Spinneys point and CIB’s ATM point are shown separately. Neither verifies the car park, building entrance or exact tenant position. LC Waikiki and Dalydress have addresses, not precise tenant pins.

Plan the shopping list before the route

Senzo and El Dahar are different destinations in Hurghada. Safaga is south of the bay. First check the specific item, shop hours and collection arrangement, then agree transport and the return. Do not use a bank’s 24-hour schedule as evidence of overnight mall access.

What the retailer tables do not settle

The reviewed Senzo homepage does not establish a dated full tenant roster, current mall hours or a direct service contact. Dalydress’s linked “new” table had no readable Senzo row; the word “new” does not establish a newer publication date.

The main Dalydress table lists B16-B19. Its separate DRA row lists C10-C11 and a different number; the relationship is unresolved and those contacts are not merged.

Daily low and high means average the daily minima and maxima. They are not the coldest or hottest extremes. These monthly values do not predict indoor comfort, sea temperature, local wind or weather on your travel dates.

Use the table to compare months; check the forecast and the home’s actual shade, airflow and cooling arrangement separately. Day-hours do not give the time a venue opens or the time a session can safely run.

Three jobs for one phone.

SOMA BAY GUIDE / STAYING CONNECTED

Before the first call.

Three services to check before you depend on your phone.

01

MOBILE DATA

Open the map.

- Confirm allowance and validity.
- Test a page with Wi-Fi off.

02

ORDINARY CALLS & SMS

Reach your driver.

- Check the included services.
- Test a call before pickup.

03

YOUR EXISTING LINE

Keep your number.

- Check roaming and line validity.
- Agree a fallback contact route.

A SIM format is not a service promise.

Physical SIM or eSIM: check your chosen product and device.
Keep the exact entrance and pickup instructions available offline.

Editorial checklist · 3 October 2026 · No coverage or activation guarantee
Independent Soma Bay Guide · Sponsored by KĀMO Property Group

Keep data, local calls/texts and access to your existing number as separate questions. A travel data product does not establish voice service or receipt of the texts you depend on. Indoor service at your home has not been measured.

Operator references follow; none is a coverage ranking. No Hurghada Airport kiosk, opening time, current full price, required visitor documents or app activation route is verified across all four operators.

Before paying

Name your nationality and visitor/resident status to the operator. Ask which purchase route and documents apply, whether the phone is supported, when the line expires and what it costs in full. Clarify receiving calls and texts as well as data.

Follow the operator's activation and replacement instructions. Do not record SIM identifiers, eSIM QR codes, identity documents, passwords or account recovery codes on the blank sheet in this supplement.

05 / NATIONAL OPERATOR REFERENCES

Published products. Questions still open.

Vodafone Egypt

Tourist Line

Published as a tourists-only line with data, local minutes and international minutes. The page gives *6060# for balance and bundle repurchase.

Before purchase: Airport and retail-store availability is general wording. We have not verified a Hurghada terminal kiosk, its hours, today's offer or the line's validity.

Published support: 888 / From a Vodafone number
16888 / From any mobile in Egypt
+20 100 188 8888 / Published number for calling from abroad

Sources S48 / S49. Source date not stated. Read 3 October 2026.

Orange Egypt

eSIM / new mobile line

Orange's eSIM FAQ includes tourists, but another answer mentions foreigners with valid residence. The new-line app flow asks for a national ID.

Before purchase: Confirm which purchase route and documents apply to you before paying or making a shop trip. App delivery is not confirmed to a Soma Bay address.

Published eSIM terms: Orange says an unused QR expires within five days and activation cannot happen outside Egypt. A deleted profile or device transfer can require a shop swap; follow the operator's instructions.

Published support: 110 / From your Orange personal line
16110 / From any line in Egypt
+20 122 320 2020 / Published personal-line contact while roaming

05 / NATIONAL OPERATOR REFERENCES

Published products. Questions still open.

e& Egypt

HI traveler / eSIM

The homepage links a tourists-only Traveler product with data and local/international minutes. Its lower tiers are marked non-renewable; higher tiers have a three-renewal limit.

Before purchase: The linked page is undated. Get current allowances, full price and validity from e&; do not assume the number will remain usable between visits. No current support number was established in this review.

Published eSIM terms: e& says the profile download must happen inside Egypt and the QR lasts five days. Its app-swap rule names Egyptian customers; foreign visitor app eligibility is unconfirmed.

WE / Telecom Egypt

Nitro MiFi data line

WE's Nitro MiFi page describes data-line bundles and sends new customers to a WE store.

Before purchase: Ask for the product that includes the calls and texts you need. A MiFi data bundle is not proof of a tourist voice line. No tourist-specific offer or visitor activation route was established here.

Published support: 111 / Published customer-service shortcode
+20 155 500 0111 / Published full customer-service number
